

## 2018 France River Cruise

How would you like to spend springtime in France next year? If you have never been on a river cruise, they are very relaxing and informal.

We have finalized the dates and prices for the Rocky Mountaineers river cruise in France in 2018. The main trip is April 26 - May 8, 2018. This trip will run south to north, beginning in Nice and ending in Paris.

You are welcome to invite friends and family to come along. We currently have 22 travelers booked so far. We will have an exclusive trip if we have 43 or more travelers. How cool would that be to have the boat all to ourselves?

Three cabin classes are available with the following prices per person before discounts - A cabins \$4,695; B cabins \$4,095; and C cabins \$3,695.

Airfare can also be purchased through Grand Circle Travel (GCT) for \$1,200 per person for Denver departures. Other departure cities are available and the price may vary.

**GCT offers a discount for paying for your trip within 2 weeks of your reservation. The current discount is 6%, but it will reduce as we get closer to our departure date. If you don't want to pay early, the full price is due 90 days before our departure.**

**In addition, the Rocky Mountaineers will provide a rebate of approximately 10% of the trip cost at the end of the trip. This includes a discount on the airfare if you purchase it through GCT.**
